- |              |                 |                        |
|--------------|-----------------|------------------------|
| • Java EE    | • Bootstrap     | • Google Web Toolkit   |
| • JavaScript | • Git/GitHub    | • SQL                  |
| • HTML       | • Grunt         | • JPA/EJB              |
| • CSS        | • JIRA          | • RESTful web services |
| • AngularJS  | • Jasper Studio | • WebSphere            |

## EXPERIENCE

---

### **eWorld Enterprise Solutions Inc., Honolulu, HI**

*Systems Analyst and Consultant, May 2014 - Present*

- Develops an enterprise web application that manages financial records for multiple state departments, using Google Web Toolkit and AngularJS for front-end development and JPA/EJB for back-end development
- Creates mockups and lightweight HTML prototypes to demonstrate design ideas to clients
- Acts as the user's advocate by gaining a deep understanding of their desires, expectations, and concerns; keeping those needs in mind when designing; and by speaking up when decisions are made that may affect the user's experience in a negative manner
- Follows agile methodologies and delivers features through iterative development
- Reviews team members' code for correctness and style
- Meets with clients to discuss business requirements and potential solutions
- Turns business requirements into working, maintainable code, within time and budget constraints

### **Referentia Systems Inc., Honolulu, HI**

*Software Engineering Intern, May 2013 – April 2014*

- Tested LiveAction (data network management tool) software prior to release and verified correctness of data generated by the application using WireShark and CLI
- Developed a NetFlow generation tool that creates test data used to assist in LiveAction feature development and testing
- Programmed an automated front-end testing suite using SilkTest
- Wrote and managed user guides and technical documentation

## EDUCATION

---

### **University of Hawaii, Honolulu, HI**

*Bachelor of Science, December 2013*

Majors: Computer Science (3.80/4.0) and Mathematics (3.38/4.0)

Overall GPA: 3.57/4.0
